# PRIAM

## INDIVIDUALISED MOBILITY

The demands CYBEX places on the development and manufacture of its strollers are based on a simple aim: to provide modern parents with the best equipment available. The new PRIAM is our calling card. Inspired by the clear, timeless design of Ray and Charles Eames, CYBEX has developed a stroller that is not only especially practical and robust, but also a true designer piece.

With its products, CYBEX wants to enable parents to express their style-savvy and trendsetting fashion sense as a family. That's why CYBEX designed the new PRIAM, with its sophisticated look, pure aesthetic lines and high-quality materials.

And since true design is distinguished by its practicality, the new PRIAM is especially handy. Its new 4-in-1 travel system can be individually customised, using just one frame. With the comfortable LITE Cot or LUX Carry Cot, the system transforms into a cosy bed on wheels. Paired with the award-winning CYBEX infant car seats, it becomes an agile mobile support. Later, the PRIAM serves small children as a safe, comfortable travel companion whose sitting direction can be individually adjusted.

# PRIAM FUNCTIONS

## ONE-HAND FOLDING MECHANISM

*The PRIAM can be folded with one hand into a self-standing package*

## FLAT, ERGONOMIC LYING POSITION

*Due to the PRIAM's full-lying flat position, it can be used from birth*

## REVERSIBLE SEAT UNIT

*The PRIAM LUX Seat can be used parent- or forward-facing*

**INFORMATION:** measurements PRIAM frame folded with LUX Seat and Seat Pack (incl. wheels): L 845 x W 490 x H 290; weight: 12.6 kg

#### THE PRIAM WITH SKIS

*Winter in the city: with the ski attachment to replace the front wheels, the PRIAM can be transformed into a stylish snowmobile.*

#### BEACH-MODE

*When faced with ledges and curbs or when out at a sandy beach or in the forest, the PRIAM easily converts into two-wheel mode – manageable with just one hand and without having to remove the seat unit.*

#### EXTRA-LARGE SHOPPING BASKET

*The PRIAM impresses with its spacious and easily accessible shopping basket that can be extended if needed. The basket provides plenty of room for spontaneous and stress-free shopping trips with your child.*

#### SEAT AT TABLE HEIGHT

*The seat height of the PRIAM is perfectly aligned with the average table height (80 cm) so that it can be used on the go as a mobile child seat in restaurants or cafés.*

# PRIAM FRAME

The PRIAM frame is available in rosegold, matt black and chrome and impresses with its elegant and luxurious design.

MOVE SMART!

With the e-PRIAM, CYBEX uniquely combines the luxurious design and functionality of the new PRIAM with the smart technology and comfort of an e-bike.

AVAILABLE EARLY 2019

MOVE

SMART!

The intelligent functions of the e-PRIAM make everyday life easier for modern parents and turn hilly cities and uneven terrain into child's play. The unique uphill and downhill assistance make ascents and descents as effortless as flat terrain. And because not all paths are uniformly smooth, the e-PRIAM smartly adapts to the respective surface. Whether cobblestones, sand, forest paths, snow or gravel, the e-PRIAM is a breeze to manoeuvre

# MIOS

## THE NEW LIGHTNESS

The new MIOS is a milestone in terms of compactness, flexibility and design language – developed as an elegant and practical companion for modern families.

Extra robust with minimal weight, it supports an active and adventurous lifestyle.

The MIOS has been designed to easily overcome all the obstacles of the urban jungle, navigating through the challenges of urban centres with ease and agility.

As with the PRIAM, the new, elegant look of the MIOS ensures that parents can express their style-savvy and trendsetting fashion sense. The design of the MIOS makes an especially high-end impression – thanks to pure, aesthetic lines and high-quality materials.

Its lightweight frame makes the MIOS seem as light as a feather. Its retro-modern design language is complemented by fine, breathable mesh to ensure a balanced climate. In addition, the revolutionary 4-in-1 MIOS travel system allows the use of different attachments on a single frame.

With the comfortable LITE Cot or LUX Carry Cot, the MIOS is transformed into a luxurious cocoon on wheels. Paired with the award-winning CYBEX infant car seats, it becomes an agile mobile support.

Later, the MIOS frame serves somewhat older children as a safe, comfortable travel companion whose sitting direction can be individually adjusted.

# YEMA

A familiar voice, cosy warmth and that unique odour – a baby carrier intensifies that important bond between parent and child from birth. »Babywearing« nurtures a deep sense of trust between parent and infant, while stimulating the child's cognitive development. The correct carrying method places the infant in the healthy spread-squat position, helping the joints to develop. A baby carrier provides you with almost unlimited mobility: while your baby is in a snug and safe place, your hands are free to deal with the challenges of fast, urban life. The YEMA is now available in 2 versions: YEMA TIE for easy individual adjustment and YEMA CLICK for fast click-on & off – fitting your personal needs perfectly.

# CARRY POSITIONS

From newborn to toddler (approx. 3.5 – 15 kg)  
with three carrying positions: in front, on the side or on the back

## FRONT CARRYING

*Babies can be carried facing the chest from birth. The baby carrier encourages the correct posture in the spread-squat position, which can help the hip joints to develop correctly.*

## HIP CARRYING

*Babies that can hold their own head up (from around 3–4 months) can also be carried in the side position. This allows them to rest against mum's shoulder while taking in their surroundings.*

## BACK CARRYING

*Babies with good head and upper body control (from around 6 months) can be carried in the YEMA on the back, making it easy for parents to bear the baby's weight.*

# KOI FASHION COLLECTION

Crystallised. Calmness. Strength and happiness. The new CYBEX Fashion Collection KOI blends the symbolism of the enigmatic underwater creature of Japanese mythology with state-of-the-art technology, materials and tailoring. Just like the underwater jewel itself, modern and fashion-conscious parents can go with the flow of the metropolis thanks to CYBEX »KOI«. Premium appliqués and embroidery on a unique reflecting, crystal-silver material harmonise perfectly with all major prêt-à-porter lines. The new PRIAM, MIOS, Cloud Q, YEMA TIE and matching accessories bring this colourful aquatic animal to life, while helping little ones drift off into fanciful dreams.

# CYBEX x ANNA K

The sweeping expanse of the universe, where stars, planets and galaxies move beyond space and time in an everlasting dance with gravity was fashion's new shooting star Anna K's inspiration for her SPACE ROCKET collection for CYBEX. The interaction between softness and power, cocooning and exploring is reflected in the new editions of MIOS, PRIAM, YEMA TIE and CLOUD Z - intergalactic space capsules for little urban star hunters. Every walk turns into an individual orbit for metropolitans. The countdown is on. Bon voyage!

# LIVING YOUR MOST FABULOUS DREAM

For the first time, CYBEX is connecting with the world of interior design. With the launch of a furniture line and a colourful accessory line that includes a highchair, everything is redesigned to fit seamlessly into the parents' lifestyle. Leading this exciting collection is the internationally celebrated product and interior designer, Moooi owner and industry rebel Marcel Wanders. The »Parent's Collection« is sophisticated yet playful, allowing parents to continue their cultured lives – even with little ones in tow. To go one step further, the new range also lets mums and dads pass on their creativity to the next generation through design-forward furniture that smoothly integrates, creating a dream environment in the home.

# HIGHCHAIR

BY MARCEL WANDERS

Make every meal memorable with our iconic wooden highchair, exquisitely designed for comfort and style. Suitable from 6 months up to 3 years (15 kg), the chair is easily adaptable and features a removable snack and play tray, a harness system and a safety bar. The footrest can be adjusted to the preferred height so your little one will always be comfortable. This outstanding highchair is made from a beechwood frame, chrome-plated steel parts along with an ergonomic, durable plastic seat shell which supports a luxurious cushion that is lavishly embroidered and attached on the back with an iconic flower screw. Who knew mealtimes could be so stylish?

# BOUNCER

BY MARCEL WANDERS

This chic bouncer is the perfect multi-tasker, great for bouncing, playing or drifting off to sleep. Suitable from birth up to 15 kg (approx. 3 years), it has the distinctive appearance of this global designer, and is made using top quality materials, chrome-plated steel parts and beech wood. It isn't just a style piece though, the bouncer is practical too. With a 3-point harness attachment, your little one can bounce independently and safely, plus you can adjust it to two positions. To top it off, the iconic flower screw makes the collection a stylish must-have for any home. The sun canopy accessory is perfect for days of fun bouncing outside on the terrace.

# ROCKER

BY MARCEL WANDERS

Enjoy moments of bliss with your child as they relax in the Rocker. The baby rocker, featuring a swing function, is Marcel Wanders' modern interpretation of the classic rocking chair. Suitable from birth to a weight of 15 kg (about 3 years) the Rocker is made from high-quality materials such as decorative beechwood and a classy chrome-plated steel frame. The elaborately embroidered cushion, coupled with the iconic flower-shaped screw on the back, is not only a calm oasis for kids, but also a real design object for the home. What is more, the 3-point harness and the anti-slip feature ensure that your child can safely swing in the house or, on a warm day, on the terrace.

# SOLUTION Z-FIX

UN R44/04, Gr. 2/3, 15 – 36 kg (approx. 3 to 12 years)

**OPTIMISED RECLINING HEADREST (PATENTED)**

*Prevents the child's head from falling forward when asleep*

**CYBEX SAFETY PADS**

*Additional protection in the event of a side-impact collision*

**OPTIMISED LINEAR SIDE-IMPACT PROTECTION (L. S. P. SYSTEM PLUS)**

*The head is actively guided into a safe position*

**RECLINING BACKREST**

*Perfectly adjusts to the vehicle seat*

**ISOFIX CONNECT**

*Extra stability and safety*

**AUTOMATIC HEIGHT AND WIDTH ADJUSTMENT (12 POSITIONS)**

*Head and shoulder protectors grow with the child for a more comfortable fit*

**AIR VENTILATION SYSTEM**

*Helps maintain a comfortable seating temperature, even on hot days*

**3-POSITION RECLINING HEADREST**

AVERAGE HEADREST VS PATENTED RECLINING HEADREST

The CYBEX patented 3-position reclining headrest shifts the balance point of the child's head slightly back and prevents the head from falling forward when the child is asleep. In the event of a side-impact collision, the child's head

remains within the safety zone of the seat, ensuring maximum protection. The patented head protection ensures a more comfortable sleeping position and enhanced safety compared to conventional systems.
